

IN-SCHOOL GOLF
ASSOCIATION

Educate. Inspire. Transform.

Primary Function: In School Golf exposes or reintroduces students to the game of golf to expand participation of golf as a life skill.

Target Age: Spirit of Golf is aimed at middle and high school students.

Delivery Method: The program uses small group stations.

Group Size: Ideally suited for 60 students or less for indoor and outdoor use.

Instructor Experience: Absolutely no experience is needed from teachers to implement this program. Support and coaching is given to teachers on-line and in videos.

Mode of Instruction: The program uses video instruction as one of the stations to show not only physical applications but also the etiquette of golf in a fun way.

Assessment: The program offers various skill challenges with the use of Doppler radar unit.

Key Benefits: Golf is an all-inclusive activity that levels the playing field between genders, body types, and natural ability. The proprietary Strike Pad being used not only assures proper striking from the first swing, but protects the health of students by eliminating the physical shock associated with traditional golf hitting mats. The Doppler radar unit allows for instant digital feedback and competition, further engaging students.
